STOCK, CROP AND FARM NOTES

—One hundred and eighty-nine horses have been entered in the four new stakes announced for the spring meeting of the Kentucky Association, which owns the running track in Lexington. These stakes are the Brewster's, Elwood's, Receland and Phoenix Hotel, all worth about \$1,200 each. They have forty-four, fifty, fifty-six and thirty-six entries respectively.

—Carlisle Mercury: "The big combination sale of horses, mules, Jersey cows, sheep and hogs held in this city last Saturday by H. N. Rankin was quite a success. A large crowd present and active bidding. 21 head of mules sold at from \$250 to \$497.50 per pair, 15 head of saddle and harness horses brought from \$100 to \$240 per head, 15 cows an average of \$55 per head, 57 sheep at \$4.25 per head, and 31 head of hogs sold at \$9 per head.

—RICHMOND COURT.—The Circuit Court says: "Monday was a corker in point of attendance of the court day rowd, as well as the amount and class of stock offered for sale. About fifty nudes changed hands at prices \$150 to \$130 the pair and single mules sold from \$200 to \$225. Bidding was lively, much more than was expected on account of the high prices and the owners held out for the top price. At the Madison stock yards Manager Joe Smory reports one of the best court days in years, in fact the highest prices for cattle in twenty years, yearlings ranging from 5 to 5 1/2 and heifers 5 cents. Hogs were plentiful and sold at 8 cents. Practically all of the stock was shipped out of the county and much of it out of the state."

Care of Umbrella.

Do not open an umbrella to dry it. The method is destructive to this useful article, the former because the ribs will be warped by being bent by the silk, so that the neat, tight rolling will be impossible in a short time; and the second because the water resting about the top will rot the covering. Stand the umbrella, closed, but not rolled, with the handle downward, then when the silk is perfectly dry, rub it with a cloth to restore the gloss.

Combines Telephone and Clock.

The average office equipment of the present day calls for a number of wires entering the place, public and private telephones, messenger calls, electric clock and similar conveniences. In order to cut down the number of these a new electrical invention combines the telephone and the clock, the same wires being utilized for each of these functions. The clock and telephone are mounted together on the same base, and after being placed on the wall the clock requires no further attention, such as winding and setting.

How to Mend an Egg-Beater.

Don't throw away your Dover egg beater just because it "skips" if it is otherwise good. Take some soft twine and twist tightly around under the head of the screw in the center of the wheel, until you have enough on to make it run firmly. It may wear off in a week or two, but is easily replaced, and I have found that it prolongs the working life of the egg beater indefinitely.—Woman's Home Companion.

Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this result indigestion, piles, weariness, etc. that women constantly complain of. There is no use taking "female remedies" and things of that kind until you have started your bowels to moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your druggist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cures them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Earl S. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell Building, Monticello, Ill.

A Fire Fighter's Astounding Story OF THE UNPARALLELED MERITS OF "BLOODINE"

HARRY A. GLAZIER

A Prominent Fireman of Malden, Mass., writes:

Mar. 28th, 1909.
 Last winter I had a severe cold and it settled on my kidneys, causing the most excruciating pain almost every time I attempted to move; I had tried everything imaginable to get relief, with no success, until I was advised to try "Bloodine," which to my great surprise, gave me relief almost from the first dose, and before I had taken one bottle I was completely cured. "Bloodine" is a wonderful, vitalizing tonic. If the blood is impure, complexion bad, appetite lost, strength gone, and the whole system is upset by an accumulation of humors, it is time to try "Bloodine" today.
